LIGHT DUTY & HEAVY DUTY SYSTEMS

LIGHT DUTY SYSTEMS		PART #
<i>LIGHT DUTY (Plastic Reel)</i>	Control Panel/Supply, Plastic Reel With 325 Feet (100 Meters) Cable	GS-0034
	Powered By 110VAC, 220VAC, or from 12V source with supplied cigarette lighter plug/clips	
	Standard Centralizer, Cable Protector, Owners Manual	
<i>LIGHT DUTY (Steel Reel)</i>	Control Panel/Supply, Steel Reel With 325 Feet (100 Meters) Cable	GS-0037
	Powered By 110VAC, 220VAC, or 12VDC with supplied cigarette lighter plug/clips	
	Standard Centralizer, Cable Protector, Owners Manual	
<i>Camera</i>	STD Plastic Black/White (includes side-looking mirror, compass, support clamp)	GS-0009
	STD Plastic Color (includes side-looking mirror, compass, support clamp)	GS-0008
	STD Stainless Steel Color (includes side-looking mirror, compass, support clamp)	GS-0006
	STD Stainless Steel Black/White (includes side-looking mirror, compass, support clamp)	GS-0007
	Nano Color Camera (includes support clamp)	GS-0010
<i>Options & Accessories</i>	Nano Rotating Mirror Attachment	GS-0012
	Manual Tilt Kit for STD cameras	GVJR-1325
	7-Inch LCD Monitor w/ Sunshade	GS-0014
	Digital Video Recorder (DVR) with 8 GB SD card/Microphone	GS-0039
	Nano Rotating Mirror Attachment (for Nano Camera)	GS-0012
	Single Light Holder & Light	GS-0018
	Dual Light Holder for STD Cameras - With 2 Lights (Only for STD Stainless Steel Cameras)	GS-0038
	Fixed Eight Light Ring - With 8 Lights & Support Clamp	GS-0016
	Adjustable Eight Light Ring - With 8 Lights & Support Clamp	GS-0017
	Transit Tripod for large bores/pits/vaults - with depth encoder mounting bracket	GS-0035
	Cable-End Replacement Kit (connector for cable to camera, epoxy, instructions)	GS-0027
Field Repair & Spare Parts (cable end kit, voltage breakout, spare encoder/power cable)	GS-0028	

HEAVY DUTY SYSTEM (DEPTH ENCODING)		PART #
<i>HEAVY DUTY Base System</i>	22" x 18" x 9" rugged carrying case/power supply & controls, 30 lbs	GS-0002
	7-Inch LCD Monitor/Sunshade, Digital Video Recorder (DVR) w/ 8 GB SD Card/microphone	
	Powered By 110/220VAC, 50-60HZ, or from 12V source with supplied 300W power inverter	
	Steel Reel for Cable, Depth Encoder For On-Screen Depth Display	
	Standard Centralizer, Accessory Tools, Field Repair & Spare Parts Kit, Owners Manual	
<i>Cable</i>	325 FEET (100 METERS)	GS-0029
	650 FEET (200 METERS)	GS-0030
	1000 FEET (300 METERS)	GS-0031
<i>Camera</i>	STD Plastic Black/White (includes side-looking mirror, compass, support clamp)	GS-0009
	STD Plastic Color (includes side-looking mirror, compass, support clamp)	GS-0008
	STD Stainless Steel Color (includes side-looking mirror, compass, support clamp)	GS-0006
	STD Stainless Steel Black/White (includes side-looking mirror, compass, support clamp)	GS-0007
	Nano Color Camera (includes support clamp)	GS-0010
<i>Options & Accessories</i>	Carrying Case for Heavy Duty Steel Reel (21" x 21" x 21")	GS-0041
	Nano Rotating Mirror Attachment (for Nano Camera)	GS-0012
	Manual Tilt Kit for STD cameras	GVJR-1325
	300W Power Inverter to power off 12V source (alligator clips & cig jack adapter)	GS-0040
	Single Light Holder & Light	GS-0018
	Dual Light Holder for STD Cameras - With 2 Lights (Only for STD Stainless Steel Cameras)	GS-0038
	Fixed Eight Light Ring - With 8 Lights & Support Clamp	GS-0016
	Adjustable Eight Light Ring - With 8 Lights & Support Clamp	GS-0017
	Transit Tripod for large bores/pits/vaults - with depth encoder mounting bracket	GS-0035
	Depth Encoder Mounting Bracket - for use with customer's tripod for large bores/pits/vaults	GVJR-1305
	Cable-End Replacement Kit (connector for cable to camera, epoxy, instructions)	GS-0027
Field Repair & Spare Parts (cable end kit, voltage breakout, spare encoder/power cable)	GS-0028
